

I Had a Meeting on Zoom Today

(sung to the tune of "I Saw Three Ships")

I spent 5 hours on Zoom today,
On Zoom today,
On Zoom today,
I really wish it would go away
Five hours since this morning.

I didn't unmute on Zoom today,
On Zoom today,
On Zoom today,
No one could hear what I had to say,
On Zoom today this morning.

I dropped a call on Zoom today,
On Zoom today,
On Zoom today,
Something happened, I went away,
Completely without warning.

I forgot to mute on Zoom today,
On Zoom today,
On Zoom today,
Although I had nothing to say,
And everyone heard me snoring.

I had a meeting on Zoom today,
On Zoom today,
On Zoom today,
ANOTHER meeting on Zoom today,
And gee, was it ever boring.

I wore my PJs on Zoom today,
On Zoom today,
On Zoom today,
My unwashed hair on full display,
My colleagues I'm ignoring.

Instead, I used the phone today,
No Zoom today,
No Zoom today,
Just like they did in the olden days,
It's better and restoring.

There'll come a day when it goes away,
No Zoom today,
No Zoom today,
I'll see my colleagues in-person and say,
"Thank God no Zoom this morning."

And all employees on earth shall sing,
No Zoom today,
No Zoom today,
Let's book a room for our meeting,
It's Zoom we're now ignoring!

Happy holidays everyone!

Kylie
